

The Fire

C G D
 We're all looking for a way to get inspired
 C G D
 A good time we can share with people we admire
 C G D
 Laugh and joke and maybe get a little higher
 C G D
 Sit back and watch the shadows dance around the fire

C G D
 We all wanna sing around the fire... Come a closer now
 C G D
 We all wanna sing around the fire... Feeling so much better now
 C G D
 We all wanna sing around the fire... Come a closer now
 C G D
 We all wanna sing around the fire

C G D
 We're all looking for a place beside the fire
 C G D
 Somewhere we can warm our soul when cold and tired
 C G D
 Glowing like the ember breathing with desire
 C G D
 In a dreamy lullabye we drift into the choir

C Am Em
 When we leave it all behind... Into the stars we climb
 G Am
 It's beautiful... frozen in time... but so beautiful...
 C D
 Till something pulls us back... I think Love pulls us back
